

# Human Tic Tac Toe

---

## Game for use as a Recall Activity

### Needed:

- At least 10 players
- Medium size area marked off with 2' squares in the shape of a Tic-Tac-Toe board
- Tape to mark off board
- Series of questions that apply to your story (9 per game)

### Preparation:

1. Split class into two groups (5 per team)
2. Elect one team captain per team
3. The team's captain is in charge of placing his members strategically on the board. In other words, he plays the game against the other team captain.
4. The other members of the team are the "Playing Pieces" for the game board.

### To Play:

1. Game is played like traditional Tic-Tac-Toe.
2. Team captain of selected team positions his first playing piece (one of the boys) somewhere on the board. Next, the playing piece must answer from the RA Leader, which was prepared prior to game. If the question is answered correctly, playing piece remains. If not, the playing piece is removed from the board, putting that team at risk of losing.
3. The second team must do the same process and answer the same question.
4. NOTE: Each team Captain can intervene one time per game on behalf of a playing piece that does not know the answer to his question. TIP: Save it for when you need it!
5. First team to get three in a row wins the game.
6. Boys will want to play this over and over, so have a lot of questions!!!
