

# Mission Project

---

Folks, we need your help!

First of all, I want to thank all of you who have generously donated canned fruit and peanut butter the past week or so! Without your donations families would have gone without some of the foundation staples for hungry children. Thank You!

We are still, unfortunately, in the same predicament. Please **PRAY** that God would continue to meet these needs. There is no end in sight to the drought of fruit and peanut butter at the Food Bank.

If you know of any group interested in doing a food drive - then 18 oz peanut butter and canned fruit are the items to choose.

THANKS AGAIN for your prayers and generosity! God is using your faithfulness to accomplish His work. (This week 56 families received food - representing 135 people & 1232 total meals of food - each family representative received personal attention from a spiritual counselor and several said they asked Christ to become their Lord and Savior!)
